

You arrive on campus. Move them into their dorm. Kiss them goodbye. And then their new roommate asks them what they think about Israel. *What will they say?*

Before you send your kids to college, send them to this incredible program.

We are thrilled to offer 11th and 12th grade students a FREE unique opportunity: the chance to hear a passionate, smart, savvy presentation from Charlotte Korchak, West Coast Campus Coordinator for Stand With Us.

What:

A workshop with Charlotte Korchak – who is 23, freshly out of college and well aware of how hard it is for your kids to defend their beliefs and explain their position on Israel while at college. She is dynamic, engaging and ready to help give kids the tools and understanding they need to join in any conversation with confidence.

Session 1: Empower

Open discussion about what Israel means to each of us, and how students can play a role in being an advocate for Israel.

Session 2: Gain Perspective

Gain an inside look at Israel's surrounding geography and history. It's an important step in understanding the context of Israel today.

When:

Location:

University of Denver Merage & Allon Hillel Center, 2390 S. Race St. Denver, CO 80210
